## Press Statement

Community Welcomes contractor

Communities of Thabo Mbeki and Lerupurupung, welcomed with excitement the introduction of two contractors for the Thabo Mbeki/Lerupurupung Sewer Network and Thabo Mbeki Water Supply by Lephalale Local Mayor, Cllr Jack Maeko, on Thursday, 26 January 2017. The Mabule Rail Amawakawaka Projects & Ennuel Trading JV will be responsible for the installation of Sewer pipes, connecting all households in the area to the sewer network and the construction of waste water treatment work while the Nandzu Trade & General Projects will be responsible for the upgrading of the current water system in Thabo Mbeki.

More than sixty job opportunities will be created for the duration of the projects.

In his remarks, the Mayor, said delivering services to communities translates to honouring all struggle icons who fought for the freedom of this country. He urged the community to have a spirit of unity and work with the contractors to ensure the completion of the projects in time. He said "For the first time the people of Thabo Mbeki, will have flushing toilets and this will restore dignity to the previously disadvantaged community members".
