Immediate Release

## PRESS STATEMENT

Community rejoice over upcoming projects

The Community of Dipompong/Motsweding, kiti, Martinique and Nikara in Mokuruanyane welcomed Rivigan Contractor, with open arms when they were introduced to the community by Lephalale Local Municipality Mayor, Moloko Jack Maeko on Wednesday of 11 January 2017. The contractor will install/connect 400 households that don't have electricity in the area.

Speaking to the community, the Mayor said that he understands the frustration and the dismay of living in an area or house that does not have electricity. Maeko also made an appeal to the community at large and those that will be employed to work on the project to co-operate with the contractor so that the project can be finished well in time without any disputes of any sorts.
