

PARKS & RECREATION SERVICES

The strategic objective is to protect the environment and community wellbeing. Parks & Recreation is responsible for the provision of Parks, cemeteries, and Municipal facilities. Parks and open spaces are areas that have been set aside for the use of both formal or informal sport and recreation, preservation of natural environments and provision of green spaces.

Public open spaces and parks differ in sizes, form and duties and they are made to serve the communities. The Municipality has nine Natural and two Green Parks in Urban Area and four Natural Parks in Rural Areas.

The Municipality has three stadiums. All are in the rural areas.
The Municipality has five cemeteries.
