PRESS RELEASE

FOR IMMEDIATE RELEASE

Special event for Gr12 learners

Lephalale Municipality hosted an event for Gr12 learners at the Jacob Langa School in Abbotspoort on Sunday 4 October. Cast members from the TV show Muvhango joined the Mayor of Lephalale, Cllr Jack Maeko in encouraging learners to work and study hard for the coming final exams.

The message from the Mayor was loud and clear: "Anything is possible through education". He quoted former president Nelson Mandela; who said "Education is the great engine for personal development." He encouraged the youth to ask what legacy they want to leave and what they want to accomplish in life.

The Mayor spoke about the five local learners who obtained scholarships to study medicine in Cuba. "They have a mission to accomplish and a legacy to leave behind," He told the crowd. The five learners who attended a farewell event hosted by the Municipality the previous week are all from local villages. They are: Onnice Morudu from Setateng, Greenside, Gilbert Ranhlakgwe from Dipompong, Johannes Tjale from Lele section at Ga Seleka, Jennifer Mfati from Dark city section at Ga Seleka and Taueyatswala from Marapong. "If they were able to do it, why can't you," the Mayor asked. Lephalale Municipality wishes all Gr12 learners: great success in the coming exams!
