## **ENGAGEMENT SESSION WITH STRATEGIC PARTNERS**

The Lephalale Local Municipality is taking proactive steps to strengthen its relationships with strategic partners.

Following a successful Strategic Planning Session on March 3rd and 4th, 2025, the municipality engaged in an extended meeting with key partners at the Mogol Functional Hall.

This session aims to foster collaboration and open communication between the municipality and its strategic partners.

The partners will share updates on their ongoing projects, corporate social investment initiatives, Social Labour Plans, and infrastructure development initiatives.

In his opening remarks, the Mayor Cllr Aaron Mokgetle emphasised the vital role of strategic partners in helping the Lephalale Local Municipality fulfil its obligations to the community.

He also added that collaborating with these partners, the municipality aims to enhance service delivery and drive economic growth, ultimately benefiting the people of Lephalale.

“This engagement is crucial in ensuring that the municipality's plans and initiatives align with the needs and goals of its strategic partners and the community at large”.
