## **ENGAGEMENT SESSION WITH STRATEGIC PARTNERS**

The Lephalale Local Municipality hosted an extended strategic planning session, where several key strategic partners made presentations to the Municipal Council and administration.

These partners included Lephalale Coal Concession, Exxaro, Enel, Mokolo Crocodile Water Augmentation Project (MCWAP-2) and Economic Development Solutions. These presentations were a crucial step in strengthening partnerships and aligning goals to drive economic development and service delivery in Lephalale.

The Mayor, Cllr Aaron Mokgetle's closing address emphasized the power of collaboration in addressing community needs, driving economic growth, and promoting effective governance.

“By working together, the municipality and its partners can leverage their collective resources and expertise to create meaningful impact, and the collaborative efforts can help unlock the area's economic potential while ensuring that the benefits are shared equitably among the community”.
