ENGAGEMENT SESSION WITH THE SECURITY CLUSTER

The Mayor of Lephalale Local Municipality, Cllr Aaron Mokgetle met with various security sectors at the Sefihlogo Drop In Centre.

The meeting forms part of the Municipality's efforts to ensuring a safer community environment in working together with the security sectors.

In his opening address, the Mayor said that this session provides an opportunity to build a working relationship between the municipality and the security cluster in accelerating issues of safety and security within the Municipal borders.

He further added that the community needs to be safe from crime, violence, civil and domestic violence, and live in a society without must worry about their safety or feeling threatened.

Mr Motebele from Boarder Management Authority said that he is pleased with the initiative taken by the Municipality to meet with the cluster to address issues of safety and security to ensuring community safety and those affecting boarder post ports of entry adding that he looks forward to the healthy and fruitful working environment.
